

Design & Construction

Whether we are starting from scratch or making an improvement to existing landscape, our landscape experts can plan and install a solution to surpass your expectations. We manage design and installation projects for our ongoing maintenance customers as well as new clients. No matter if the project is large or small, Centerpoint has the design expertise, and experienced installation crews to turn your vision into reality.

With over 20 years' experience the growth of Centerpoint has been driven by relationships with our clients. Providing services for residential, HOA, and Commercial properties in the Las Vegas Valley, Centerpoint has a reputation for dependability, integrity and customer service. We are a client-focused landscape company that delivers personalized service dedicated to making the properties we service stand out. We pride ourselves on our customized landscape programs to fit your properties specific needs.

Landscape Maintenance:

Centerpoint understands that protecting the investment in your landscape takes long-term thinking. Our experienced crews have the know-how necessary to take care of your property. We believe in attention to detail resulting not only in an enriched visual appearance as well as expertly manicured curb appeal. We will tailor your landscape maintenance plan to meet your specific needs, regardless of whether you prefer weekly, bi-weekly, monthly, or as requested visits. Our entire team of landscape professionals like what they do, and it shows in our courteous and friendly service

Commercial and HOA

Our maintenance division's prime objective is to provide the highest standard of aesthetic value possible by retaining experienced and skilled staff in the areas of trees, shrubs, irrigation and general property maintenance. Our training and use of the newest innovations that the industry has to offer will benefit your property making it distinguishable above others.
