*"...Dri Tech's attention to detail and commitment to performing quality work is exemplary..."
-CB Richard Ellis*

Dri Tech is the premier sheet metal and single ply roofing contractor in Las Vegas. Family-owned and operated for over 50 years, Dri Tech is synonymous with precise and well-crafted roofing structures, as well as meticulous installations. Dri Tech has installed over 25 million square feet of metal and single ply roofing in the commercial sector. We take the time to personally fabricate your roofing and architectural materials in our state-of-the-art, 20,000-square-foot manufacture facility.

This process allows us to cater to your building's specific needs by creating a completely customized product while maintaining the most challenging construction schedules.

Dri Tech has experience in all roofing situations, from fixing a roof that has been devastated by age or weather, to the installation of over 500,000 square feet of roofing from the ground up. Dri Tech guarantees a safe, secure, and professional product for your commercial building.
