

FEATURES YOU'LL LOVE

MANAGING IRRIGATION HAS NEVER BEEN SO EASY

REMOTE ACCESS

Use your desktop or mobile device to manage properties and zones.

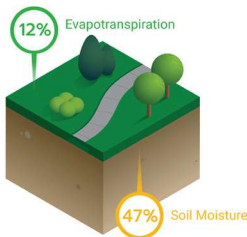

MULTIPLE USER ACCOUNTS

One dashboard with multiple user access to accomplish your tasks quickly.

LIFETIME WARRANTY

Smart Rain Smart Irrigation System is so well built we whole-heartily stand behind our product.

SMARTWEATHER™

Your days of over or under watering are done. Our proprietary evapotranspiration (ET) smart formula ensures you get the exact amount of water on your landscape.

SMARTMAPPING™

Smart mapping allows you to interact with your own custom map as you make adjustments or turn zones on and off.

SMARTCONNECT™

Cellular and Wi-Fi Compatible. Say goodbye to lag time. You'll get the best and most custom form of communication available on the market via cellular or wi-fi.

DEDICATED ACCOUNT MANAGER

We provide 24/7 customer support and it's nice to know you have a dedicated account manager that knows you and your properties. No call center mumbo-jumbo here.

REAL-TIME REPORTING

When we say real-time, we mean real-time. Not in an hour from now or even a few minutes. Get active reporting for your irrigation systems from any of your properties.

IRRIGATION STACKING™

Limited watering window? Our smart irrigation zone stacking allows you to water all your selected zones at one time while auto-adjusting based on available flow rates.
